If, after the first cell division, the two offspring cells, for any reason, should happen to fall apart, each offspring cell may then go on to develop into a complete organism of its own. The result is a pair of identical twins, each with the same genetic equipment and each of the same sex, of course. In a sense, each twin is a clone of the other.. Stella Vanilla? Fve never learned exactly what her real last name. This statement is, I think, based on a cognitive error inculcated (probably) by American high school education. The error is that all proofs must be of the "hard" kind, i.e., cut-and-dried and susceptible of presentation in syllogistic form. An acquaintance with the modern philosophy of science would disabuse people of this notion; even a surprising amount of scientific proof is not of this kind. As philosophers since Plato have been pointing out, aesthetic and moral matters are usually not susceptible of such "hard" proof.. it to produce these messages as a practical joke. If this is the case, correct the situation immediately and. Lang raised her eyebrows. "Yes, it was under the dome.
