That is, human beings chose to have possessions and dragons chose not to. But, as there are ascetics among humans, some dragons are greedy for shining things, gold, jewels; one was Yevaud, who sometimes came among people in human form, and who made the rich Isle of Pendor into a dragon nursery, until driven back into the west by Ged. But the marauding dragons of the Lay and the songs seem to have been moved not so much by greed as by anger, a sense of having been cheated, betrayed..The name and office of archmage were invented by Halkel, and the Archmage of Roke was a tenth Master, never counted among the Nine. A vital ethical and intellectual force, the archmage also exerted considerable political power. On the whole this power was used benevolently. Maintaining Roke as a strong centralising, normalising, pacific element in Archipelagan society, the archmages sent out sorcerers and wizards trained to understand the ethical practice of magic and to protect communities from drought, plague, invaders, dragons, and the unscrupulous use of their art.. "Like the Library of the Kings," said Crow, dreaming of lost glories.. Irioth's head drooped as if in utter weariness. Tern hurried him back to the boat before he exploded..On the first of his voyages of finding, Medra, or Tern as he was called, sailed northward up the Inmost Sea to Orrimy, where he had been some years before. There were people of the Hand there whom he trusted. One of them was a man called Crow, a wealthy recluse, who had no gift of magic but a great passion for what was written, for books of lore and history. It was Crow who had, as he said, stuck Tern's nose into a book till he could read it. "Illiterate wizards are the curse of Earthsea!" he cried. "Ignorant power is a bane!" Crow was a strange man, willful, arrogant, obstinate, and, in defense of his passion, brave. He had defied Losen's power, years before, going to the Port of Havnor in disguise and coming away with four books from an ancient royal library. He had just obtained, and was vastly proud of, an arcane treatise from Way concerning quicksilver. "Got that from under Losen's nose too," he said to Tern. "Come have a look at it! It belonged to a famous wizard."..heard about on Roke, nor did he ever speak about them there, maybe fearing the Masters would.the larder, ate an apple quickly because he was hungry, and took his staff. The masters and many tenants of the domain added its name to their own,.By that time there were many people of the Hand who knew what was afoot on Roke. Young people came there sent by them. Men and women came to be taught and to teach. Many of these had a hard time getting there, for the spells that hid the island were stronger than ever, making it seem only a cloud, or a reef among the breakers; and the Roke wind blew, which kept any ship from Thwil Bay unless there was a sorcerer aboard who knew how to turn that wind. Still they came, and as the years went on a larger house was needed for the school than any in Thwil Town.."How many minutes, then?".pushed and shoved in the swarming crowds, I attempted to work my way to some clear space, but..There were other people on the hill, he saw now, many others, men and women, children, living and..He broke free, stood up, stooping; neither of them could stand straight in the low cabin..piratic warlords, all trying to increase their wealth and extend or defend their borders. Dragonfly put out her groping hand and met the witch's hand. They put their arms round each other in a fierce, long embrace. Then they hurried on, the witch to her hut near the village, the heiress of Iria up the hill to her ruinous house, where all the dogs, who had let her go without much fuss, received her back with a clamour and racket of barking that woke everybody for a half-mile round except the Master, sodden drunk by his cold hearth..She stared at me. No wonder I kept thinking about Silence. I should send for him ... send to him ... No. What did Ard say? Find the center, find the center. That's the question to ask. That's what to do..." As he muttered on to himself, routing out his heavy cloak, setting water to boil on the small fire he had lighted earlier, he wondered if he had always talked to himself, if he had talked all the time when Silence lived with him. No, it had become a habit after Silence left, he thought, with the bit of his mind that went on thinking the ordinary thoughts of life, while the rest of it made preparations for terror and destruction..She stood up, almost as tall as he, and as straight. Maybe he hoped she would come, but she did not come, and he soon slept in sheer weariness. He woke in the first, cold light. He sat up and thought. He looked at life in that cold light. It was a different matter from what he had believed it. He went down to the stream in which he had been named.
